Thousands Gather To Witness Races On Donner Lake

By VIRGINIA O'BEAR

Thousands of people were at the west end of Donner Lake over the weekend and experienced one of the most exciting regattas ever to be there.

Everything went smoothly and none of the drivers flipped, although Al Brooks, Jr., was thrown from his F Runabout around a turn but climbed back in and still finished second place in his class. His deck rider suffered a broken nose in the mishap but both were happy even though Brooks did not win the special Donner Lake Perpetual trophy.

The winner of this one was Bob Marvick of Brea, as he placed first, Brooks, second, and Bill Carson, Sr., third. This F Runabout class is the most spectacular of all 11 classes.

The weather was ideal for the barbecue at the beach and the dance at Donner Lake Lodge. The largest crowd in 12 years was here for the festivities.

Sunday morning, Miss Donner Lake (Sandra VanSickle) her princesses, Vickie Firpo and Ginger Barnes, the royal court, Renee

YOUTH RALLY HELD BY SIERRA CHAPEL

A youth rally was held at the home of Mr. and Mrs. J. F. Denney in Gateway Park Wednesday, July 5, and friends and members of the Sierra Bible Chapel heard Don and Rick Widney of Apple Valley. These young people toured last summer with Youth for Christ team of 13 talented teenagers. Don is a vocalist and trumpet player and heads the group.

Other talent displayed at the gathering included Joyce Denney playing the accordion, Billy Denney, the saxaphone, Cliff Denney the trumpet and Dusty Rhoades the clarinet.

Lane Denney and Denney Faulkner, who are here for the summer from Wheaton College gave a vocal duet.

The meeting was a success and Don Widney promised that the Jubilairs, the group of 13 vocalists and instrumentalists, will come to Truckee for two evenings on their way to Reno to fill an engagement there. The date will be announced later.

SUMMER RESIDENT IS FOUND DEAD IN CAR

George Schuster, Sr., 65, San Francisco, who with his wife has a summer home at Donner Lake, died at the wheel of his car Tuesday evening, apparently from a heart attack.

The car, with Schuster slumped over the wheel, the lights burning and the radio going, was found parked in the west lane of traffic near the airport road about 9:30 Tuesday evening.

Schuster had apparently been on a fishing trip and was returning to Donner when he expired.

The body was taken to the Truckee Colonial Mortuary and sent to San Francisco for burial Friday in Golden Gate cemetery. Schuster was a veteran of the first world war and is survived by his wife and son.

Record Broken As Heavy Traffic Is Recorded In June

A record number of vehicles—26,000 more than for June last year—passed into California by way of the Truckee quarantine stations last month, the department of agriculture's monthly report reveals.

Truckee was far out in front of the other border stations as a point of entry with 106,276 cars, 5,080 trucks and 953 buses and a total passenger count of 287,295.

The vehicle count was also about 26,000 ahead of May, the report indicates.

The only station anywhere near Truckee was Yermo which reported 94,835 cars, 3,561 trucks and 624 buses and a passenger total of 271,845.

At Meyers on Highway 50 the count of cars jumped from 23,745 during May to 47,865 for last month and 26,544 for June of last year.

Both the Yermo and Truckee stations are using traffic counters which includes all west bound vehicles.

Last Rites Are Held For Mrs. Bussenius

TAHOE CITY—Her many friends throughout this area will be saddened to learn of the death on July 5 of Mrs. Irene Bussenius, for many years a resident of Tahoe City where her former late husband, Joseph J. Duffee operated a plumbing contracting business.

Mrs. Bussenius, who had been in ill health for several months, expired in an Oakland hospital.

Funeral services were held at the East Lawn cemetery in Sacramento under the direction of Rev. Printz of the Unity Church. Cremation followed.

While at Tahoe, Mrs. Bussenius was active in club and social activities and was well known. She was a native of Yolo County and her parents were the late Mr. and Mrs. Augustus Reynal. She was a sister of the late Matt Green, pioneer resident of the Tahoe community.

Surviving besides her husband, Rednall Bussenius, is one daughter, Mrs. Charles Henrickson of Tahoe City and two grandchildren, Denise and Steven Henrickson; three sisters, Mrs. Gordon Lucey and Mrs. Eleanor Bishop, both of Sacramento and Mrs. Lonnie DuBose of Auburn.

The surviving husband is currently visiting with the Henricksons at Tahoe City.

Radio Announcer Charged In Fraud; Cash Is Missing

NEVADA CITY—A somewhat clever fraud scheme—amounting to an estimated two to five thousand dollars—was revealed by District Attorney Harold Berliner.

His office has filed a complaint against Truckee radio station announcer William DeWire, 35, on charges of grand theft embezzlement. The district attorney's department, in cooperation with the Nevada County sheriff's office, is continuing investigations to apprehend DeWire, who is believed to have fled the Truckee area.

The sheriff's officers have asked nearby state law enforcement authorities for their help.

The story unfolded Friday afternoon when Robert Sherman, San Francisco, owner of the radio station, learned that the station's bay city bank account was short. Sherman notified DeWire by telephone. He admitted the embezzlement and shortly thereafter fled the scene.

Berliner said that in addition to his regular announcing duties DeWire also sold radio advertising. The advertising receipts were deposited in a San Francisco bank with the duplicate deposit slip forwarded to Sherman.

It was learned, however, that since mid-May DeWire was allegedly depositing the advertising receipts in a Tahoe City bank, and sending owner Sherman false deposit slips credited to the San Francisco bank.

Allegedly DeWire also took an estimated 600 blank printed checks, half of which Berliner said, were payroll checks.

Berliner stated that the sheriff and his office are investigating "numerous other fraudulent actions by DeWire.

Retirement Keeps Local Man Active

A great deal is being written these days on what to do after one retires. At least one of our local citizens seems to partly solve the problem by actively participating in public affairs, that while not having any monetary returns, keeps him in touch with some of the activities of the times and engages him in considerable travel.

Cecil Edmunds, one of the senior citizens of Truckee, who retired from active work, some three years ago is still a member of three commissions that keep him reasonably occupied.

During the past year, Edmunds states, he has attended 40 Nevada County Planning Commission meetings, which entailed 4412 miles of travel; 31 Nevada-California Water Compact meetings, covering 4089 miles and 4 Water Pollution Control Board meetings, covering 1620 miles of travel or a total of 75 meetings with a grand total of 10,121 miles of travel.

Mrs. Edmunds has accompanied him on all these trips, and does most of the driving. A number of these trips have been made over Donner Summit in some of the worst storms of the season. Edmunds states he has missed but 2 meetings of any of these commissions during the past year and they were due to a conflict of time and date of the meetings.

Some of these different commission meetings were held on the same day and night and entailed traveling over 100 miles to attend both meetings.

MOREYS BACK FROM EASTERN REUNION

FAMLY REUNION

Richard Joseph had the pleasure of seeing his granddaughter, Vicki Joseph, for the first time in eight years when the young visitor arrived Friday by airplane from her home in Washington, to remain two weeks with her grandfather and Mrs. Roxie Archie and Mr. and Mrs. James McIver.

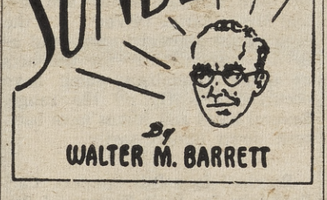
Miss Judy O'Neill is employed again this summer at Z Market and will return to Chico State College in the fall.

SUNBEAMS



By WALTER M. BARRETT

Bouquets this week to the adults who are managing and supporting the Little League teams in the district. Without compensation, other than the satisfaction of doing an outstanding job, these people devote long hours to training and managing scores of youngsters, providing transportation and in general handling a program unparalled in its value to the boys who are taking part. Too few are willing to sacrifice their time and give of their energies to see to it that these young boys are provided with a well-rounded recreational activity during the vacation weeks.

The annual outboard regatta, sponsored by the Donner Lake Volunteer Fire Department during the weekend, was a success from all angles. It attracted thousands of people to the area and the publicity before, during and after the races was of great value to the community. Financially, by dint of hard work, the affair was also successful and added materially to the coffers of the firemen and the auxiliary. Probably the most notable feature of the program, however, was the fact that every item needed for the conduct of the races, barbecue and dance was purchased locally. We believe this exemplifies the spirit of the firemen and auxiliary and we believe they are due for a big vote of appreciation.

Voters On Donner Vote Approval To Utility Bond Issue

Voters of the Donner Summit Public Utility District Tuesday approved, by a vote of 31 to 2, the $70,000 bond issue designed to improve the water supply for the district.

Clyde Burkey, clerk of the board, said the board will meet Monday to canvass the ballots and declare the results. Immediately thereafter, the bond will be placed on the market and work is expected to be started in the near future.

The project will include changing the source of water supply from Lake Mary to Lake Angela. The former water is high in acid and sulphur content and is causing deterioration of the mains, Burkey said.

Moore will present the new Mitchell spinning reels to the following winners in the derby which closed July 9.

Mark Moore, with a 1 ¾ pound brook trout, was first; Byron Elliott with a 10-ounce rainbow was second and Dennis Snyder with a one-pound, 14-ounce German brown was third. All the boys are from Truckee.

Fire Near Gateway Threatens District

The second incipient fire just south of Gateway Park within the past month was brought under control Saturday night at 9 p. m. by the Tahoe Forest suppression crew, the Truckee Volunteer Fire Department and volunteers in the neighborhood.

The fire started along a dirt road just south of the freeway and almost directly back of the J. P. Vind home. It burned over a circle approximately 300 feet in diameter and threatened a large timber area.

While it is possible the fire was of incendiary origin, an investigation by the forest service showed it may have been caused by a transient or by someone using the road which runs near where the fire started.

The fire three weeks ago was north of the freeway but was extinguished before any damage was caused.

Parents are urged by the forest service to keep warning their children of the dangers of playing with matches or smoking in the dry wooded areas.

Burning Permits Of All Types Are Cancelled In Area

All burning permits in northern California have been suspended.

Nelson Stone, fire control officer for the Truckee district of the Tahoe National Forest, said word was received Tuesday from the regional forester that because of the extremely dry conditions in the forest the state forester and the national forester have issued instructions to cancel all burning permits.

The one exception is the use of braziers which must be carefully handled and doused thoroughly when cooking is completed.

There is also a probability that blasting by contractors may also be continued in urgent cases.

However, Stone said, the use of incinerators, even those screened is forbidden. The rule also applies to all open burning, such as camp fires, garbage dumps and similar activities.

LPG stoves and gas stoves in trailers may be used only when in authorized camp grounds. Fires in stoves will be also permitted in authorized camps.

Sawmills, with enclosed burners, may continue for the time being.

Strict enforcement of the new regulation will be started immediately and no exceptions will be permitted, Stone said.

Lake Teams Hold Little League Lead

The Kings Beach and Tahoe City Little Leaguers are still on top in the standings, each having won six and lost two games, with Donner Lake in third place with three won and five lost and Truckee trailing with one win and seven losses.

On the same day the Tahoe City minors defeated Kings Beach 30 to 10.

On July 6 the Tahoe City majors whipped Truckee 23 to 6 and the Tahoe minors beat Truckee 11 to 7. Kings Beach defeated Donner Lake at Kings Beach in a close game 6 to 3 while the Donner minors whipped Kings Beach 15 to 10.

The regularly schedule games on July 20th will be postponed to a date after August 10 as the league tournament is being played in Auburn July 20.

Today Truckee plays at Tahoe City and Kings Beach at Donner Lake, with both majors and minors participating.

The Little League would appreciate a better attendance at the games, which are free of charge and filled with thrills. Both Tahoe City and Kings Beach have powerful teams this year and are fighting for top spot.

DONNER DOINGS

By VIRGINIA O'BEAR

Well, the firemen and auxiliary members can relax a little as they had a very successful regatta. Plans are already in progress for next year but some of us will rest a bit before we roll up our sleeves to pitch in and try to do it bigger and better again! Each year it seems to get bigger and one thing for sure, I can't remember when our Truckee Donner area has had so much publicity. We are thankful to so many people for making all of this possible. It was a lot of hard work but well worth it.

* * *

Bill Wallace and George Lyons are at Donner Lake for a week with some of their beautiful "Power Cats." They donated the use of these beautiful boats over the weekend for crash boats for the regatta and also for the maids of Nevada County to ride in. Bill knows most of the Northern California outboard racers so enjoyed the weekend with them at Donner.

* * *

Mrs. Earl Lewis was here over the weekend and enjoyed fishing and the regatta. Her husband works here on construction so she comes up weekends because she likes our part of the country and the people here, she said.

* * *

Dr. and Mrs. Douglas Brodie and sons moved to Tahoe and we will miss them very much. Nancy is in the hospital and in traction so we hope she has a speedy recovery.

* * *

Sunday evening at the home of Mr. and Mrs. Tony StClaire, a few neighbors gathered for a surprise baby shower for Dick Walker. Of course Jean was there too. I think everyone is enthused about this little newcomer who is expected some time in August. This will be the first child for Dick and Jean and everyone is so happy for them.

* * *

This is a short column this week as I haven't yet recuperated from the regatta. Will see you next week with more news- I hope!

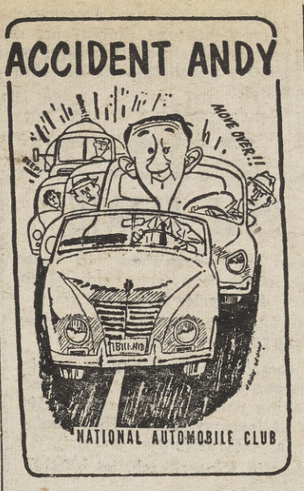
LAKE LEVEL

TAHOE CITY—With six gates open, the level of Lake Tahoe Monday stood at 6224.26 feet, Daryl K. DeWalt, cooperative observer, reported. The weather has been on the warm side with temperatures ranging from 82 to 84 for the week. No precipitation was recorded.



ALLOWABLE TIMBER CUT IS INCREASED

Allowable annual cut on the Tahoe National Forest has been raised from 85 million board feet to nearly 130 million, according to H. E. Branagh, forest supervisor.

The new quota resulted from a comprehensive inventory of the Tahoe and official approval of three of the forest's four management plans.

Foresters discovered that with a combination of normal rainfall, the forest's excellent soil and long growing season, the growth rate compares with that of some southern states.

Rapid growth, coupled with commercial use of fir species on the forest and improvements in logging equipment make the increase in allowable harvest possible, despite recent fires, said Branagh.

Tahoe forest personnel and many loggers are salvaging timber killed by fire. Staff officer Hal Turner says the staff plans to move right into sale and harvest of green timber at the stepped-up rate as sales of fire-killed timber are concluded.

New allowable cuts are as follows:

Auburn working circle, Foresthill ranger district, 30 million board feet: North Yuba working circle, Downieville ranger district, 26 million feet; Camptonville district, 13 million feet; Bear Valley circle, Nevada City district 21 million feet; Big Bend district, 12.9 million feet; Sagehen circle, Sierraville district, 22 million feet.

LAKE DELEGATION IN ASSESSMENT PROTEST

AUBURN—A delegation of more than 50 residents from the Kings Beach area of Lake Tahoe appeared before the board of supervisors and protested assessment increases for the 1961-62 fiscal year.

Brice Leggett of Reno, Nevada, an appraiser employed by the property owners, said a study of land assessments in the district showed increases of between 200 and 300 per cent. He said increases up to 700 per cent had occurred since 1955.

Attorney Robert Walker of Oakland, representing the group, said the protestants are residents of the North Tahoe Public Utility District. He declared the reappraisial program was not carried on beyond the boundaries of the district.

William Early Gray, a real estate man and motel owner in Kings Beach, maintained property values at Tahoe have declined since the 1960 Winter Olympics but property owners are faced with a substantial increase in assessments.

Assessor Lloyd Geraldson stated the assessments were arrived at by appraisial proceduses in accordance with principles set down by the state board of equalization and they reflect increased property values in the area.

Big Brewery

The Guiness brewery in Ireland is one of the world's largest.

Truckee district's allowable cut, five million feet, was not revised.

WARNING ISSUED ON WILD BLACKBERRIES

With its brush eradication program now underway, the California Division of Highways today warned against picking or eating wild blackberries along any state highway.

The precautionary announcement came from officials at the Marysville office who said that crews have begun the annual spraying of highway shoulders in the 11-county valley-mountain district.

The spray is amino triazole. It is not poisonous and is not used in quantities enough to be dangerous. However, if taken internally, it can cause painful stomach aches and a good deal of concern (as was the case last year when two youngsters ate some recently sprayed berries along the Auburn-Grass Valley Highway).

The vines begin to shrivel and lighten in color—appearing obviously treated—several days after being sprayed. Until then, however, they appear to be normal and untreated.

The operation is part of a statewide program aimed at the elimination of vines, poison oak, and other growth from encroaching on state highway rights of way.

21 PROPOSITIONS ON BALLOTS FOR 1962

SACRAMENTO—(CNS) — California voters will have at least 21 ballot propositions to mull over and decide for or against when they go to the polls in November 1962. Chances are good there will be quite a few more.

The 1961 legislature adopted 20 constitutional amendments which must be submitted to the people, as well as one bill which requires the vote.

A number of constitutional amendments may be adopted at the 1962 budget and special sessions of the legislature which could go on the ballot. It's expected these would include proposed bond issues for school construction, veterans loans and possibly for acquisition of recreational property.

James Medeiros, 37, Carnelian Bay, Lake Tahoe and Patricia Terry, 33, of Reno, Nevada.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO — (CNS) — California voters, as usual, can expect a long list of complex proposals from the state on their general election ballot in 1962, in addition to the local propositions which always seem to appear on the ballot.

The 1961 legislature, which may not have accomplished too much on other things, left Sacramento with 21 measures already slated to be on the general election ballot. Doubtless there will be some more approved at the 1962 legislative session, leaving the voters with even more propositions to attempt to analyze and make intelligent decisions upon.

Of the 21 ballot propositions approved by this year's legislature, it is interesting to note that seven of them deal directly with tax exemptions in one form or another.

Two of them provide for limiting assessments on the value of property to the use to which the property is put, rather than on the basis of its value as a future subdivision or industrial site.

This was a trend which first was started in 1960 when the voters approved Prop. 6, which limited assessments on non-profit golf courses to the value of the use as a golf course. As many golf courses are situated in the suburban areas of rapidly growing cities, this difference in the tax base is considerable.

One of this year's measures was ACA4 by Assemblyman Paul Lunardi of Roseville, which would apply the same principle to agricultural lands. The high taxes of the farm lands in areas where metropolitan development moves ever outward in all directions have been oppressive.

Numerous citizens' groups have been formed to revolt against increases in assessed value of farm property, which have been as high as 1,000 per cent.

Another proposal to limit assessments, with considerably less merit than either the agricultural or golf course proposal, would grant the same limits to historical landmarks limiting value to their use as land marks.

ACA31 by Senator George Miller Jr., D-Martinez, would remove the 100-acre limit on the exemption of non-profit colleges from taxation ACA24 by Assemblyman Jerome R. Waldie, D-Antioch, wouldy extend the exemption from taxation for non-profit charitable organizations to leased property, as well as that owned by them.

Two more deal with veterans' exemptions. SCA20 by Senator Luther E. Gibson, D-Vallejo, would restrict the $1,000 property tax exemption for veterans to those who entered the service as California residents. It would blanket in all veterans eligible for the exemption when the act is passed, if approved.

ACA70 by Assemblyman Bert DeLotta, D-Fresno, would permit a veterans exemption to a qualified veteran living in a single-family dwelling owned by a non-profit co-operative.

The other tax proposition, ACA7 by Assemblyman Charles H. Wilson, D-Los Angeles, originally would have permitted all county boards of supervisors to appoint tax appeals board. As finally approved, the measure is limited to Los Angeles and Contra Costa county.

Thus the pattern contained in all but the latter of the ballot propositions is one of continued piecemeal erosion of the property tax base by extending exemptions of one kind or another. All are vital to certain groups but, taken collectively along with others approved, it provides a confusing picture and one which cannot help but continue to push tax rates ever upward.

Some day, perhaps a courageous governor or legislature will revise the whole tax structure, eliminating many exemptions and putting others in their proper place. But don't hold your breath waiting fro this to happen.

LIFE OF PATROLMEN SUBJECT OF FILMS

A California Highway Patrol film which pictorially depicts the duties of the typical traffic officer has been selected for overseas showing by the United States Information Agency.

Patrol Commissioner Bradford M. Crittenden revealed the decision by USIA to use the 22-minute movie, "Day In The Life Or A Highway Patrolman."

"USIA motion picture chief Turner Shelton praised the film as representative of the high type of American law enforcement," the commissioner pointed out.

Distribution by the governmental agency means the movie will be viewed in a number of foreign nation, as well as by many other law enforcement agencies.

In addition to showing the traffic officer's accident investigation duties, the film depicts his training, enforcement work, and special related functions. Television performer Art Baker narrates the film, portions of which are set at the Patrol's Sacramento Academy.

The film already has received a wide showing in California before service groups, clubs and driver education classes.

CONTRACT AWARDED FOR SUMMIT FREEWAY

SACRAMENTO — (CNS) — The state department of public works has awarded a $7,983,507 contract to Guy F. Atkinson Company South San Francisco, for grading and paving to construct 5.4 miles of four-lane freeway on U. S. 40, between .8 miles west of Emigrant Gap and three miles west of Cisco.

When this project is started, only one section — a six mile stretch from west of Cisco to Hampshire Rocks—will remain on U. S. 40 between Sacramento and the Nevada state line on which freeway or expressway is not completed or under construction.

The latest project includes four bridges — a railroad separation structure at Emigrant Gap, and interchange structures at Carpeter Flat, Yuba Gap, and the junction with State Sign Route 20.

Evening services will be held the third Wednesday of the month during July, August and September only.
Enrichment of life through spiritual understanding of God is a theme to be brought out Sunday at Christian Science services.
One of the Scriptural selections in the Lesson-Sermon on the subject of "Life" is from John (17): "And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent."
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this passage will be read: "Ignorance of God is no longer the stepping-stone to faith. The only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal" (p. vii).

RANCHER OPPOSING INCLINE SEWER PLAN

RENO — Jack Whitehead and Henry Heidenreich, ranchers, have joined the fight against a proposal to dump sewage effluent from Incline Village on Lake Tahoe's north shore into Washoe Valley for agricultural purposes.

The Crystal Bay Development Company announced several weeks ago sewage effluent would be transported through Marlette Tunnel, which nearly a century ago was part of the system which supplied water to Virginia City during the Comstock Lode boom, and stored in the southern end of the valley by rancher Frank List.

The initial opposition to the proposal came from James Lathrop, owner of the valley's Windy J. Hereford ranch. Joining the fight are Whitehead, owner and manager of the JS Bar Cattle Company and Heidenreich, Washoe Valley landowner who controls a third interest in the enterprise.

LYDIA CRAIG IS WED TO RONALD KIRBY AT IMPRESSIVE RITE

A wedding which united a well known young couple of the community was performed July 2 at two o'clock in the First Christian Church at Reno when Lydia Craig became the bride of Ronald Kirby.

Weslie Craig gave his daughter in marriage. The bride was lovely in a gown of lace and silk organza with a chapel length train, flowers of lace applique trimmed the skirt. A pearl crown supported her veil of net and lace.

Mrs. Nick Kettenhofen, the matron of honor, wore a gown of taffeta and nylon chiffon in lavender shade and Cathy Craig, her sister's flower girl, also wore a frock which was a smaller copy, in the same shade.

Judith Beck and Jerry Simpson were the bride's maids, their gowns of the same design in a shade of yellow. Morse Burroughs carried the two rings to the altar.

Errol Kirby was the best man for his brother, with groomsmen Jerry Kirby and Sherman Reams. Ushers were Stanley Baker and Dave Holleman.

A reception was held in the American Legion Hall at Reno, following the nuptial service.

Mr. and Mrs. Kirby are graduates of Tahoe Truckee High School and the former Miss Craig was her class president at Sierra College. She is past worthy advisor of the Hope Assembly, Order of Rainbow for Girls in Truckee and past grand confidental observer, State of Nevada, in the Rainbow for Girls. Mr. and Mrs. Craig, her parents, reside at Floriston. The young benedict is the son of Mr. and Mrs. Thomas Kirby of Truckee and attended the University of Nevada. He is in the Air National Guard in Reno.

The newly weds will be at home to their friends at Truckee, following their trip to Mexico.

SHERILYN CURRAN IS MARRIED IN NEVADA

Tuesday evening in the Parkway Wedding Chapel at Reno, Miss Sherilyn Curran became the bride of Carroll Hassell, given in marriage by her father, William Curran with immediate friends and relatives attending the nuptial rites.

A ballerina length gown of white chiffon was chosen by the bride who completed her ensemble with a veil of fine net, suspended from a crown and carried a bouquet of white roses. Ireda Elmquist attended her as matron of honor, wearing a gown of soft pink shade. Shauna, her youngest sister, carried the basket of flowers and wore a dress of lavender.

Jerry Roker served as best man.

A reception was held after the ceremony at Donner Lake Lodge, the just weds later leaving for Petersburg, Virginia, where his parents, Mr. and Mrs. C. Hassell reside.

Mrs. Hassell is the daughter of William Curran of Truckee and Mrs. Dolores Curran of Sacramento and graduated from Tahoe Truckee High School, having made her home in Truckee for most of her lifetime.

The bridegroom attended schools in Virginia and has been stationed at Travis Air Force base near Sacrament and at the Travis Lodge at Soda Springs. The young couple expect to return from the south in a month and will establish their home in this vicinity or at Sacrament. They have been receiving the felicitations of their friends since their marriage.

Mr. and Mrs. Earl Donnelly of Tahoe City were 4th of July guests of relatives at the Lee Ranch at Alta.

CARDS OF THANKS
Being unable to see and thank everyone personally who contributed so generously to the outstanding success of the regatta during the weekend, the Donner Lake Volunteer Fire Department and Auxiliary takes this means of expressing sincere appreciation. Without your cooperation, the program could not have been staged.
Virginia and Charles O'Bear.

NOTICE
On and after this date I will not be responsible for any debts contracted by anyone but myself.

MORE DISTURBED BY THE STATEMENTS OF THE PYGMY BAND THAN BY MAGNO'S SEEMING DISOBEDIENCE, TARZAN SEPARATES FROM HIS FRIENDS, THE BWOLO SPEARMEN-HEADS FOR DISTANT MOUNTAINS WHERE THE BANTI PYGMY TRIBE HIDES OUT... FROM CIVILIZATION.

7-16-1584

TARZAN IN ***BIG HURRY*** TO GO TO BANTI COUNTRY, TUZZU! YOU THINK BANTI WARRIORS SPEAK ***TRUTH***- WHEN THEY SAY 'BAHKRA' NAMED ***TAR-ZAN*** LIVES IN THEIR VILLAGE, LIKE ***BIG APE***, IN TREES?

KAI! I THINK LITTLE BANTI TELL TARZAN ***BIG*** LIE! TOO BAD TARZAN NOT HUNT MEAT, GO TO OUR VILLAGE WITH US!

MEANWHILE---BACK IN THE NOISY KWULU VILLAGE, THE REASON FOR MAGNO'S STRANGE FAILURE TO JOIN TARZAN AND THE BWOLOS IN THEIR DISLIKE OF THE DRUNKEN ORGY IS EVIDENT. IT IS NOT ON MEAT ALONE THAT MAGNO ***FEASTS***....

HIC HIC

BUT-- IT IS NOT OF MAGNO THAT TARZAN NOW THINKS, AS HE HASTENS ALONE ACROSS THE PRIMEVAL AFRICAN VELD... TOWARD THE MOUNTAIN FOREST OF THE BANTI PYGMIES...

SOMETHING TELLS ME THOSE PYGMIES SPOKE THE ***TRUTH!*** A MAN WHO RESEMBLES ME, AND CALLS HIMSELF ***TAR-ZAN, MAY*** LIVE IN THEIR VILLAGE - IN A ***TREE***... SPEAKING NOT THE WORDS OF A ***MAN***, BUT IN THE ***ROARS*** OF A ***GREAT APE!***
